Attach proof of enrollment with application.

REQUIREMENTS:

1. Please provide at least two examples of art work (photographs or slides of the work).
2. Write a short essay using one of the following topics.

A) Select your favorite work of art and describe it using art terminology (elements and principles of design.) Explain how the work is historically and /or culturally significant.

B) If an artist's work is described as having "surplus meaning", it means the work will impact generations to come. Select an artist who fits this category and explain how his/her art affects people after the artist is gone

C) Art is often looked upon in American culture as not being as important as other fields of study such as math, science, technology, and business. Explain how art is important to you, to American culture, and in public school education.

D) Changes in art have been dramatic with the development of computer graphics. Using your CREATIVE INSIGHT describe what the world of art will look like in the year 2106.
